

Alcoa **Ultra ONE**® 24.5" x 8.25" Wheel with MagnaForce® alloy

The Lightest, Strongest and Brightest Wheel In It's Class.

We've upped the ante. Alcoa® **Ultra ONE**® 24.5" x 8.25" Wheels utilize proprietary MagnaForce® alloy to further reduce weight and improve operational performance. At just 51 lbs., these are the lightest wheels in their class.

Super Light.

Advanced **Ultra ONE**® technology really pays off. Weighing in at just 51 lbs., these wheels are truly heavy duty without the heavy.

Super Strong.

With a load rating of 7,400 lbs., these wheels haul their loads with ease.

Super Bright.

Available in a portfolio of leading finish options to meet all of your image and maintenance needs.

Additional Benefits

One piece forged aluminum strength that's 5x stronger than steel.

True cool running extends tire and brake life.

The '7' finish option means the same part number in all positions and lower inventory carrying costs.

Same five year limited warranty you've come to expect.
