WHY IS THE INTEGRITY LINE IMPORTANT?

The Integrity Line is a place you can go to seek advice or report concerns. Use of the Integrity Line protects our employees, customers, suppliers and our company from inappropriate and harmful misconduct.

ARCONIC'S NO-RETALIATION POLICY

Arconic has a no-retaliation policy. No one can take action against you for asking a question or raising a concern in good faith. If you feel that you or any of your colleagues are being retaliated against, report it immediately. Arconic takes all allegations of retaliation seriously and will promptly and thoroughly investigate. If the company finds that retaliation occurred, appropriate disciplinary action will be taken. The intentional filing of false information through the Integrity Line could expose the reporter to disciplinary action.

WHAT HAPPENS WHEN I MAKE A REPORT?

All allegations of violation of Arconic's Code of Conduct, policies, procedures and laws will be reviewed and investigated as required by law and Arconic's investigations guidelines:

- An independent company receives all reported issues and concerns and promptly directs them to Arconic's Ethics and Compliance (E&C) Organization for follow-up.
- The reporter is given a private code they can reference for investigation status updates. The reporter may obtain updates by calling the Integrity Line, checking the web reporting site, or contacting the investigator directly.
- The E&C Organization conducts investigations of matters that should not be reviewed at the location level. Where appropriate, the E&C Organization sends reports directly to the named Arconic location for investigation.

- Investigations are handled promptly, thoroughly and in a confidential manner. Complex investigations may take longer.
- The cooperation and truthfulness of all parties is critical to the process.
- The identity of the reporter shall be kept strictly confidential throughout the process, and only disclosed to authorized persons, when necessary, to carry out an investigation or as required by law.
- Subject to local law, the reporter and any employees implicated in the report may have the right to access, correct and delete any inaccurate or irrelevant data pertaining to the case.
- Where appropriate in certain cases, the information may also be provided to Business/Resource Unit and Group management.
