Forged Aluminum Wheels for Ford F-450/550

Weight Benefits
- Save 156 lbs converting to aluminum
- More payload
- Increase fuel economy

Easy Tire Rotation
- Save time & money
- Easy when all six positions are aluminum
- No need to dismount tires

Say Goodbye to Rusty. Upgrade to the Best.

Steel Wheels
- Always rust
- Cause corrosion-related maintenance issues

Simulators
- Hide rust
- Hide maintenance issues
- Prone to curbing damage

Alcoa® Forged Aluminum Wheels
- Eliminate the need for simulators
- Never rust
- Less maintenance

Alcoa® wheels at every position, including the inner dual
