Alcoa® Wheels: Navistar CV & Chevrolet Silverado 4500/5500/6500

All the light weight strength and durability you’ve come to expect from the leader in heavy duty forged aluminum wheels, engineered for your truck.

Dura-Bright® EVO Wheels
The easiest-to-clean wheels ever.

Dura-Bright® surface treatment penetrates the aluminum, forming a molecular bond that becomes part of the wheel itself. It prevents cracking, peeling and filiform corrosion often seen on coated wheels.

- Durable
- No-polish
- Easy maintenance
- Cleans easily with soap and water

Weight Benefits
Driving your bottom line.

- Save 125 lb. when converting to aluminum
- More payload
- Reduced un-sprung MASS
- Increased fuel economy

For full maintenance details see our alcoawheels.com/WheelServiceManual

Alcoa® wheels
One-piece forged strength.

- 5x stronger than standard steel wheels
- Run up to 70° cooler than steel wheels to increase tire lifetime & performance
- Backed by a 5-year warranty
