

# Alcoa® Ultra ONE® 22.5" x 8.25" Wheels

## The Lightest Wheel in the Market!

At just 40 lbs., the Alcoa® Ultra ONE® 22.5" x 8.25" Wheel with MagnaForce® alloy is strong enough for demanding applications and the lightest weight in its class to improve freight efficiency and fuel economy.

## Heavy Duty Without the Heavy.

Save another 100 lbs. on an 18-wheeler versus the 45 lb. wheel.

## 40 Pound of Pure Muscle.

Each Alcoa Ultra ONE® Wheel starts with MagnaForce® alloy to add strength and durability through lighter weight. MagnaForce®, only available on Alcoa wheels, offers a 17% increase in strength over existing alloys for unmatched strength that delivers unprecedented weight savings.

## Additional Benefits

One piece forged aluminum strength that's 5x stronger than steel.

Same 7,400 lb. load rating and 130 psi inflation rating.

The same five year limited warranty you've come to expect from the market leader.
