

Supplier Sustainability Questionnaire 2020

| | Supplier Sustainability Questioni | naire 2020 |
|------|--|------------|
| 1 | GENERAL COMPANY INFORMATION | |
| 1.1 | Company Name | |
| 1.2 | Company Contact Name | |
| 1.3 | Position of Company Contact | |
| | Company Publicly or Privately Held | |
| | Number of Employees | |
| | Countries of Operation | |
| | Briefly Describe the Materials or Services Provided to Arconic Does the Company Have a Website? | |
| | Website Address (if applicable) | |
| | Name of Person Completing Form | |
| | Position of Person Completing the Form | |
| | Date Form Completed | |
| 2 | HUMAN RIGHTS, LABOR AND BUSINESS PRACTICES | |
| | The company has a Code of Conduct or other formal policy regarding business ethics | |
| 2.1 | for employees and suppliers which include training and compliance monitoring | |
| | | |
| | The written Code of Conduct or other formal business ethics policy includes: | |
| 2.2 | Human Rights Code of Conduct or policy? | |
| 2.3 | If it exist, does it address: Child labor avoidance | |
| 2.3 | Anti-Human Trafficking | |
| 2.5 | Freedom of engagement | |
| 2.6 | Equality of Opportunity | |
| 2.7 | Respect for indigenous people and ethnic minorities | |
| 2.8 | Labor Code of Conduct, policy or standards? | |
| | If it exist, does it address: | |
| 2.9 | Benefits and deductions | |
| 2.10 | Discipline and termination | |
| 2.11 | Fair labor practices | |
| 2.12 | Overtime hours and overtime wage rates Equal employment opportunity and affirmative action | |
| 2.13 | Work hours | |
| 2.15 | Vacation and leave | |
| 2.16 | Fair wages | |
| 2.17 | Grievance and whistleblower protection procedures | |
| 2.18 | Anti-harassment and abuse | |
| 2.19 | Freedom of association and collective bargaining | |
| 2.20 | | |
| 2.21 | The company's labor policies also cover temporary workers | |
| _ | Business Code of Conduct, policy or standards? The company provides an ethics reporting hotline and whistleblower hotline and | |
| 2.23 | trains employees in its use | |
| 2.24 | The Company has published Anti-Corruption and Business Conduct policies in place | |
| | The company conducts ethics, anti-corruption and business conduct training for all | |
| 2.25 | employees | |
| 2.26 | The company performance management system is in compliance with applicable | |
| | social laws and regulations | |
| | The Company has documented risk management programs which include training and | |
| | compliance monitoring. Examples include financial controls, security of supply, | |
| | business continuity, etc. The Company has documented community development or support programs | |
| | Internal or external audits are conducted which include assessment of ethics, anti- | |
| 2.29 | corruption and business conduct systems and performance | |
| | During the past 5 years, has your company (or anyone working on behalf of your | |
| | company) been convicted, fined, indicted, debarred or charged in a criminal, civil, | |
| 2.30 | administrative or other legal proceeding (including but not limited to any proceedings | |
| | related to bribery, corruption, antitrust/unfair competition, or fraudulent or deceptive | |
| | conduct)? | |
| | Is your company (or anyone working on behalf of your company) the subject of any | |
| | ongoing criminal or regulatory proceeding or investigation relating to bribery, | |
| | corruption, antitrust/unfair competition, or fraudulent or deceptive conduct? | |

| 2.33 | conflict minerals | |
| | | |

| 3 | CLICTAINADULTV | |
|---|--|--|
| ~ - | SUSTAINABILITY The Company produces an appual Sustainability Report and publishes it publishes | |
| | The Company produces an annual Sustainability Report and publishes it publicly The Company utilizes GRI, SASB or other Sustainability reporting framework? | |
| | The Company participates in external sustainability indexes | |
| 3.3 | The Company incorporates sustainability into its market strategy by promoting the | |
| 3.4 | sustainability of products or operations as a competitive differentiator | |
| | The Company identifies the life cycle advantages / disadvantages of key products (if | |
| 3.5 | applicable) | |
| 2.6 | The company has in place programs to identify opportunities for reduction in | |
| 3.6 | consumption of raw materials and has targets in place to do so | |
| 2.7 | The Company assesses its suppliers to determine if suppliers have Environmental, | |
| 3.7 | Social and Governance (ESG) policies and programs | |
| 2.0 | External stakeholders including neighbors, communities, NGOs and Government | |
| 3.8 | agencies are identified and engagement strategies are in place | |
| | During the last 12 months, were there any fires, explosions, serious industrial | |
| 3.9 | accidents, hazardous releases, or other serious EHS-related incidents at any of your | |
| | facilities? | |
| | ii the answer to 3.9 was yes, please provide a brief description of these incidents, | |
| 3.10 | including any resulting human injuries, fatalities, off-site impacts, or property | |
| 2.44 | Company policies and standards apply to all facilities irrespective of which country | |
| 3.11 | they are located | |
| 4 | EHS MANAGEMENT SYSTEMS | |
| 4.1 | The Company has published Environment, Health and Safety Policies in place | |
| 4.2 | The Company has documented Environment, Health and Safety programs for | |
| 4.2 | employees and contractors which include training and compliance monitoring | |
| 4.3 | The company has certified the environmental management systems against ISO 14001 | |
| 4.3 | and/or Health and Safety management systems against ISO 45001. | |
| 4.4 | Management representatives are assigned responsibility for complying with all | |
| 4.4 | Environment, Health and Safety laws and regulations | |
| 4.5 | Systems are in place to identify all applicable Environment, Health and Safety legal | |
| 4.5 | requirements and track any changes to laws and regulations | |
| 4.6 | The company is in compliance with all applicable Environment, Health and Safety laws | |
| 4.0 | and regulations | |
| 4.7 | The company conducts training of all employees that includes Environment, Health | |
| 4.7 | and Safety issues including compliance, improvement targets and other aspects | |
| 4.8 | The company uses recognized risk assessment approaches to determine key | |
| 4.8 | Environment, Health and Safety aspects and risks | |
| 4.9 | The Company obtains third party assurance for its overall sustainability program | |
| 4.9 | (Environmental, Social and Governance - ESG). | |
| 4.10 | The company conducts regular audits of Environment, Health and Safety management | |
| 4.10 | systems and performance at each facility | |
| 4.11 | Actions from audits are captured and managed to closure | |
| | ENVIRONMENT | |
| 5.1 | All required environmental and related permits are in place for each facility | |
| | The Company sets goals and tracks and manages environmental metrics for | |
| | performance improvements in: | |
| 5.2 | (a) Greenhouse gas | |
| 5.3 | (b) Energy | |
| 5.4 | (c) Water and wastewater | |
| 5.5 | (d) Solid Waste | |
| 5.6 | (e) Recycling | |
| | (f) Air emissions (particulates, NOx, SOx, hazardous air pollutants, odor, other key | |
| 5.7 | emissions) | |
| 5.8 | (g) Other Metrics - Relevant to industry | |
| _ | (8) | |
| 5.9 | If the Company has other metrics for (g), please list them | |
| 5.9 5.10 | If the Company has other metrics for (g), please list them The company reviews its environmental performance annually | |
| 5.10 | The company reviews its environmental performance annually | |
| | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to | |
| 5.10 5.11 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) | |
| 5.10 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to | |
| 5.10 5.11 5.12 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold | |
| 5.10 5.11 5.12 5.13 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) | |
| 5.10 5.11 5.12 5.13 5.14 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? | |
| 5.10 5.11 5.12 5.13 5.14 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 5.20 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks Waste management contractors including carriers and receivers are audited for legal | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 5.20 5.21 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks Waste management contractors including carriers and receivers are audited for legal compliance and performance | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 5.20 5.21 5.22 5.23 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks Waste management contractors including carriers and receivers are audited for legal compliance and performance A system is in place to keep up to date inventory of all applicable emissions to air. | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 5.20 5.21 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks Waste management contractors including carriers and receivers are audited for legal compliance and performance | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 5.20 5.21 5.22 5.23 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks Waste management contractors including carriers and receivers are audited for legal compliance and performance A system is in place to keep up to date inventory of all applicable emissions to air. The company has goals and targets to reduce, reuse, and recycle the amount of packaging used for its products | |
| 5.10 5.11 5.12 5.13 5.14 5.15 5.16 5.17 5.18 5.19 5.20 5.21 5.22 5.23 | The company reviews its environmental performance annually The Company can provide energy data (intensity/ absolute) for products sold to Arconic (if applicable) The Company can provide greenhouse gas data (intensity/ absolute) for products sold to Arconic (if applicable) Do you report to CDP Water Security Questionnaires Do you report to CDP Climate Change Questionnaires If you do not report to the CDP, list the public source you use to disclose for water? If you do not report to the CDP, list the public source you use to disclose for greenhouse gas and energy? What is your primary source of energy used to make products for Arconic? If Other is specified above, indicate what is your primary source of energy. What is the total GHG emissions from making products for Arconic (absolute and intensity)? A system is in place to determine opportunities to reduce freshwater use and also to manage and minimize impacts from wastewater generation and disposal? Waste generation is assessed at each location to determine opportunities to reduce disposal volumes and associated risks Waste management contractors including carriers and receivers are audited for legal compliance and performance A system is in place to keep up to date inventory of all applicable emissions to air. The company has goals and targets to reduce, reuse, and recycle the amount of packaging used for its products All hazardous materials are appropriately stored including requirements for secondary | |
