

## **ARCONIC CORPORATION QUALITY POLICY**

We are committed to delivering value for customers and stakeholders by supplying innovative, high quality products and services. Focusing on quality means meeting our customers' requirements and delivering products and services at the right quality levels and on time.

This is achieved through:

1. **Continuous Improvement** Continuously improve our business processes and quality systems by setting annual objectives to drive improvement in quality and productivity.
2. **Compliance** Assure compliance with all agreed commercial terms, customer specifications and applicable statutory and regulatory requirements through testing and audits. It is the responsibility of all employees to report actual or potential product quality issues
3. **Risk Mitigation** Engage employees in working to applicable standards, proactively mitigating risks and problem solving to root cause.
