

FOR IMMEDIATE RELEASE

Arconic Publishes 2023 Sustainability Report

PITTSBURGH, PA, August 26, 2024 – Arconic Corporation (“Arconic” or the “Company”) has published its [2023 Sustainability Report](#), available on the Company’s website. The report details Arconic’s progress against its 2030 Sustainability Goals and underscores the Company’s commitment to reducing its environmental impact and protecting the welfare of its key stakeholders, employees, customers, suppliers, and the communities in which it operates.

“We will continue our legacy of strong partnership with our customers, our suppliers, our employees and our communities as we strive to deliver the pioneering aluminum products and technologies that advance our world. We are focused on supporting our customers with products that enhance fuel efficiency, offer higher safety ratings, and improve thermal properties while supporting design for recyclability,” said Chris Ayers, Chief Executive Officer.

He added, “The culture at Arconic remains true to its foundation. We endeavor to operate in the most efficient and responsible manner, and we look forward to partnering with our stakeholders globally to create sustainable solutions for a better world.”

Highlights from the Arconic’s 2023 Sustainability Report include:

- Zero fatalities; 1% decrease in Days Away, Restricted and Transfer Rate (DART);
- 6% reduction in overall greenhouse gas (GHG) emissions, year-over-year;
- More than \$33 million invested in research and development to accelerate product innovation;
- Achieved EcoVadis silver rating in our first assessment;
- 53% of high-risk suppliers meet the Company’s supply chain management program criteria;
- 17.6% women employees across the global workforce;
- \$7 million invested in communities by Arconic Foundation to advance education, environmental sustainability, and social equity;
- Perfect score of 100 in the Human Rights Campaign Foundation’s Corporate Equality Index.

Forward-Looking Statements

This release may contain "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements include those containing such words as "anticipates," "believes," "could," "estimates," "expects," "forecasts," "goal," "guidance," "intends," "may," "outlook," "plans," "projects," "seeks," "sees," "should," "targets," "will," "would," or other words of similar meaning. Forward-looking statements include information concerning our liquidity and our possible future results of operations, including descriptions of our business strategies and the cost savings and other benefits we expect to achieve as a result of the actions discussed herein. These statements reflect beliefs and assumptions that are based on the Company's perception of historical trends, current conditions and expected future developments, as well as other factors the Company believes are appropriate in the circumstances. Although we believe that the assumptions and analysis underlying these statements are reasonable as of the date hereof, investors are cautioned not to place undue reliance on these statements. Actual Forward-looking statements are not guarantees of future performance, and actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks, uncertainties and changes in circumstances, many of which are beyond the Company's control, including, among others, the risk factors that are described in our most recent Annual Report, Quarterly Reports and Current Reports. The statements in this presentation and the oral marks made in connection herewith are made as of today's date, even if subsequently made available by the Company on its website or otherwise. You should understand that these statements are not guarantees of future performance or results. The Company disclaims any intention or obligation to update any forward-looking statements, whether in response to new information, future events, or otherwise, except as required by applicable law.
